

2024/04/08~2024/05/03

20 classes (14 Normal, 6 Special)

★Translation Course (Japanese-English, English-Japanese)

This is a course aimed at Japanese language students who are aiming to work in the translation industry in the future. This hands-on course features a strong emphasis on teaching practical skills required in everyday translation. Students will benefit from strengthening their all-round Japanese language ability and gain a deeper understanding of what it takes to succeed as a professional translator. The course also includes invaluable work experience at a translation company, as well as six special seminars taught by highly experienced professional translators.

*Target Learners - English speaking Japanese language learners/JLPT N2 or above
